Robin,

This is data from Region 2. They already sent one report -- did you get that one?

Stevie

I have attached the Partial Laboratory Report (in .pdf format) and the R2EDD .xls electronic files (in R2 EQUIS and SCRIBE formats) for the Dimock Residential Groundwater Site project accepted by the EPA Region 2 Laboratory. The report includes MBAS analysis results for the samples collected on 1/26/12 and 1/27/12. The Laboratory received the samples on 1/27/12; one shipment in the morning and one in the late evening. The data have been validated by the Laboratory. The report is identified as Project #1201028.

We will continue to provide partial reports based on each new sample receipt. A final report will be sent upon completion of the project.

Please let me know if you have any questions.
